

APOLOGY

Dear Customers

We have been advised that due to overwhelming demand for the Laser High Definition Set Top Box advertised on page 9 of the Leading Edge Electronics "Things to take Note of" February catalogue is out of stock and unable for this promotion.

FLYING MONKEY
Watch the amazing flying monkey soar as you sling it into the air with a sling-shot pulling action. The masked and hooded super monkey can fly up to 15 metres, and makes a real-life monkey screech as it flies.
